

Q&A with **SAMIT GUPTA**

**TaxAssist Accountants/
Altrincham Business Task Force**

Tell us a little bit about your business?

TaxAssist Accountants provide accountancy, tax, bookkeeping and payroll services to small businesses and the self-employed. Besides dealing with the routine compliance matters on your behalf, we also provide a range of value-added services to help you and your business.

What are you doing to help the business community during COVID-19?

We realise that this is a difficult time for businesses and individuals. In order to assist the community, we are offering information and advice on our website through our dedicated COVID - 19 knowledge hub - <https://www.taxassist.co.uk/altrincham/knowledge-hubs/coronavirus>

We are also providing regular updates on other social media outlets, mainly on LinkedIn and through Google posts.

As we are a part of a national network, we have leveraged on our combined knowledge and conducted webinars for our clients, and these are also available to other businesses in the community. You can find recordings of the previous webinars and details of future webinars on our COVID-19 knowledge hub.

Can you share what help you've applied for in terms of grants and funding?

I have applied for the Small Business Rates Grant.

Do you have any advice for businesses during the lockdown period?

The main advice would be not to panic - there is help out there should businesses need it, and we are able to advise you about this, as necessary.

My advice would be to use this time to catch up with routine administrative tasks, so that when the business reopens you can concentrate on gaining new business.

Additionally, I would advise all business owners to make extensive use of social media during this time to put their business at the forefront of everyone's mind.

How can other business owners contact you, if they want to know a bit more about what you've been doing?

We are happy to have a conversation and help any business owners or individuals who require our assistance. The initial consultation is free.
